

Advertising Achievement Award

This award certifies that the

AIT Worldwide Logistics

advertisement achieved a superior overall rating in comparison to all other ads measured in the August 2008 issue of *Air Cargo World*

Presented to

AIT Worldwide Logistics

Publisher

Your air freight. Our flight plan.

AIT's market reputation for air transport is largely founded on a credo of providing requested services for our customer's most time-sensitive commodities.

As an FAA certified air freight forwarder, partnered with strategic U.S. and foreign flag carriers, AIT offers a suite of versatile domestic and international air products.

Because of its strategic carrier initiative and proprietary partnership network, AIT can design tailored transportation plans for customers offering the most price competitive rates and flexible service options in the industry.

With custom built international **Direct**, **Select** and **Connect** services and a domestic air infrastructure offering same day pick up and next flight out shipping options, AIT enhances every element of your supply chain by maintaining full compliance with all government regulations and documentation requirements.

From Chicago's O'Hare International Airport to Beijing's Capital International Airport and every global destination in between, at AIT, **we deliver.**
